FOOD WEEK of ACTION ADVOCACY

1) ADVOCATE for the Local FARM Act of 2020

Senator Booker has introduced the Local FARM Act (S4140) — a way to support small family farmers and farmers of color to better serve their communities and stay in business. But we need you to help push your legislators to pass this bill.

Tell Congress: Support solutions that help address the food insecurity of millions of Americans while also supporting farmers!

TAKE ACTION here: action.foe.org/page/20911/action/1?locale=en-US

Background info: nffc.net/nffc-and-farm-aid-praise-pro-farmer-local-farm-act-of-2020

2) Relief for America's Small Farmers Act

Sign your organization or congregation on to this bill, which would provide small-scale farmers with direly needed relief during the pandemic. Sign on at bit.ly/profarmeract.
